• CUTICLE NIPPERS

Cuticle Nipper are a manicure tool to remove the dead skin around the nail base and hangnails at the edges of the nail base. There exist nippers with snipping tips of different lengths. Just like cuticle scissors cuticle nippers are used to trim the cuticles. The Extra sharp and polished snipping tips allow a thorough handling of the cuticles. Cuticle Nippers are built in an over lapping or butt joint mode, according to the design.

PROFESSIONAL NAIL & CUTICLE SCISSORS AND NAIL PUSHERS

CUTICLE SCISSORS

These are short scissors with extremely sharp straight and curved fine blades to trip the dead skin around the nail bed and to remove hangnails. Cuticle scissors are the best implements to handle cuticles. The special characteristics of cuticle scissors are the well sharpened slim polished blades.
